## **AUROPEAN VENTURES ANNOUNCES \$1,200,000 PRIVATE PLACEMENT**

OTTAWA, ONTARIO, **Auropean Ventures Inc.** ("Auropean") is pleased to announce a \$600,000 Private Placement consisting of 10 million shares @ \$0.12 per share. A total \$200,000 has already been committed to the placement. The funds will be utilized for (i) general working capital and (ii) further exploration at Andinuella in northern Spain and the Slovinky Project in Slovakia.

Dr. Vern Rampton, President and CEO of Auropean, stated "We have completed enough work at Andinuella to prove to ourselves that it has tremendous potential at this stage of development. Unfortunately, the junior mining market is experiencing one of its worst periods in over a decade. The placement price is indeed significantly below our previous placement @ \$0.20 in 2012. For comparative purposes, the TSX Venture Exchange is down 30% since then. After due consideration, the directors have priced the offering in the context of the current market. That being said, for those who are willing and able to take a long term view, this offering represents excellent value. We are still very bullish on Andinuella and believe that further work will continue to increase its potential.
